

OBJECTIVE

I enjoy working in teams and like to interact with different people. I take initiative and set examples for others. I work well in stimulating environments and motivate those around me. I have a strong work ethic and take ownership over all my tasks. I am eager to learn. I trust my instincts and go with the flow. I am looking for a person-oriented role with responsibility. I want an exciting and fast-paced environment. I want to work in a flexible environment that fosters creativity and innovation. I want to work in a large multinational corporation. I wish to work for an established small or medium enterprise. I prefer working in a startup or a new business. I want to work for a social enterprise or NGO.
